2nd Annual No Place Like Home Conference

October 13-15th

www.AgingInPlaceIdaho.com

No Place Like Home: A Virtual Conference on Aging in Place aims to educate families on what aging in place can mean to them (it's not the same for everyone!) and how to plan to make aging in place a reality. What seems simple—growing old in your own home—needs a comprehensive plan to ensure all needs are met. The speakers, panels, and other activities of the conference will show you how to plan for the health care, personal care, finances, and legal needs of someone aging in place.

This conference is for everyone: retirees, not-quite retirees, adult children, caregivers, and the many professionals involved in planning and caring for aging adults. Insurance providers, financial planners, attorneys, social workers, assisted living staff, home care providers, and more will benefit from understanding the ins and outs of aging in place.

This year's theme is "Taking a Wholehearted Approach to Multi-Generational Living and Aging" and we will focus on three parts of an aging parent having a change in circumstance.

Day 1 – Wednesday, October 13, 2021–Surviving the Crisis

Day 2 – Thursday, October 14, 2021–An Ounce of Prevention and Preparation

Day 3 – Friday, October 15, 2021–How to Thrive and Not Just Survive
